ABOUT THE HIPPIE HOMESTEADER

HERE AT THE HIPPIE HOMESTEADER WE BELIEVE THAT BEAUTY DOESN'T HAVE TO COST A FORTUNE AND SHOULD NEVER INCLUDE DANGEROUS CHEMICALS. ALL OF OUR PRODUCTS ARE HAND CRAFTED IN SMALL BATCHES USING ONLY NATURALLY SOURCED INGREDIENTS. WE STRIVE TO CREATE A MORE SIMPLE LIFE, INFUSING OUR LOVE AND ENERGY INTO ALL OF OUR PRODUCTS. LIVE SIMPLY, LIVE NATURALLY, LIVE PEACEFULLY, THAT IS OUR INSPIRATION.

But you're probably wondering 'Who is this hippie?' So let me take this opportunity to introduce myself. My name is Amanda Rose, creator of The Hippie Homesteader line of essential oil wellness products. A new age hippie chick creating a healthy, sustainable, green lifestyle. I live and work smack dab in the middle of my town in Southern Wisconsin on a 1/3 acre city lot. We raise herbs, vegetables, and chickens at the Homestead; beef cattle and vegetables at my moms farm (Hope Heritage Farm), and vegetables and wild crafted berries and herbs at Pleasant Prairie Acres (or what I like to call Hippie Homestead East).

Ten years ago I began studying herbal medicine and aromatherapy. I started to create my own health and wellness products to help alleviate a variety of allergies and sensitivities which had caused chronic itchy skin. I found my passion in creating products with herbs and essential oils. I infused my energy and love into every bottle and every bar.

In 2016 I decided to take my passion for natural wellness and created a line of products to share with the world, and so The Hippie Homesteader was born. All of our products are handmade with only all natural ingredients and pure essential oils. That means we do not use any petrochemicals or artificial fragrances or colors. We make every product with limited natural ingredients and source locally whenever we can.

As a Hippie Homesteader customer you will be supporting a small, women owned business. We are passionate about what we do and it shows in the quality of our products and our devotion to customer satisfaction.

Have any questions? Please don't hesitate to call or email. I would love to help you find the right product for your needs or even create a custom blend!
